SUPERINTENDENT'S REPORT

To the School Board and Citizens of Fremont:

I herewith submit my eighth annual report. Your consideration is respectfully asked. Notice the tables which follow.

PERSONNEL

For the fourth successive year, you have not changed teachers. The continuous service which your staff has given you indicates much in the way of their loyalty to you and your children as well as your appreciation. Continuity of training remains unbroken with a resulting continuity of progress on the part of your pupils. In some systems teachers advance from grade to grade with their pupils. The plan has much merit but is unnecessary in your system as the same aim is accomplished already.

PUPILS

The progress of your pupils is well illustrated by the following results taken from the May, 1934 tests:

	Reached or bettered the grade	Below grade
Grade 1	16	2
Grade 2	11	0
Grade 3	7	4
Grade 4	15	1
Grade 5	10	2
Grade 6	7	2
Grade 7	9	0
Grade 8	7	2

The results are on the whole pleasing and reflect sound and effective teaching. One grade now in school presents a major problem for the teachers to correct during the present year. To eliminate those below grade is our special duty before the end of the year. The trend of present-day education is to avoid the so-called failures by adjusting the work to fit individual needs and capacities. That is exactly what we would like to accomplish.

COSTS

Below you will note a comparison of elementary school costs for each of the districts in this Union. A comparison of last year's net costs with those of the year before indicates just how much of a reduction has been accomplished. In your case the decrease is rather marked, due somewhat to a slightly greater stable enrollment but more largely to a desire to keep costs down in accordance with the trends of the times. The value of State Aid to you is well illustrated by an examination of the following statistics.

PER PUPIL COSTS 1933-34

District	Average No. Elem. Pupils	Per Pupil Cost	State Aid Per Pupil	Net to District	1932-33
Brentwood	\$89.22	\$62.74	\$24.17	\$38.57	\$38.83
Danville	71.81	59.56	22.31	37.25	39.16
East Kingston ..	37.06	106.82	24.27	82.55	84.73
Epping	305.45	47.33	16.56	30.77	34.12
Fremont	97.90	47.40	13.06	34.34	51.14
Kingston	137.72	65.16	20.16	45.00	48.76
Sandown	48.09	68.08	31.27	36.81	44.86
South Hampton..	32.63	96.11	31.87	64.24	82.56
(State Median) ..		72.465			

IMPROVEMENTS

Some improvements have been made since the last report and others are in project. Two buildings have received paint and reflect pride in keeping public buildings attractive and protected. A new stove replaces another in poor condition and

rather impossible to repair. A larger woodshed and better toilet facilities at the South Side School are projected. Two other schools should be painted soon. Some method to take care of repairing or painting should be attempted each year rather than to wait until it is necessary to do them all in one year. As a saving to light and the resulting effect upon children's eyesight, ceilings ought to be whitened each year.

APPRECIATION

The past year has been very trying and difficult. But midst it all, we find rays of hope in the progress of your children and the loyal support accorded them by the citizenry of Fremont. I express my gratitude to all who have in any way contributed to the successes of the past year. To the School Board and teachers, I am most appreciative. Their co-operation has been of the right sort and has contributed much toward the advancement of the children's interests and progress.

Respectfully submitted,
 HAROLD C. BOWLEY,
Superintendent of Schools.
